I acknowledge receipt on 4 February 2015 of the declaration of Mr Peter Savige, President, providing information in accordance with subsection 233(1) of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

The documents lodged cover most the required information for the 2015 Annual Return of Information of the Victorian Automobile Chamber of Commerce. The documents have been filed and can be viewed on the Fair Work Commission website through the List of Registered Organisations - <http://www.fwc.gov.au/index.cfm?pagename=regorgslist>. However I make the following comments to assist with future lodgements:

- The list of persons holding office on the Board of Management and the Executive Board do not include the first name of the relevant office holders. Rather the initial of the first (and in some cases the second) name is provided. In future, could you please set out the full first name of the relevant office holders;
- The occupations of those office holders is not set out as required by ss. 230(1)(c) and 233(1)(b) of the RO Act. In future, could you please set out the occupation of all relevant office holders.

No further action is required in relation to this year's lodgement.

In order to assist organisations to fully comply with the requirements of subsection 233(1) of the Act a template annual return is available on the [fact-sheets](#) page of our website. The Victorian Automobile Chamber of Commerce is encouraged to use this template in future years.

### **Notifications of Change**

Any changes to these records must be notified to the Commission within 35 days of the change. A template Notification of Change Declaration is available on the [fact-sheets](#) page of our website. The Victorian Automobile Chamber of Commerce is encouraged to use this template if any changes occur.

In this regard, I note that the Victorian Automobile Chamber of Commerce notified the Commission of the resignation of Mr Jason Trewin from his office on 26 February 2015. Thank you for providing this information within the prescribed timeframes.
